**Subject: Detailing Story of Holi Kit**

*Dear friends,*

Holi, the festival of colors is around the corner & the markets are full of colors. But let us also remember that most of these colors are toxic & can cause serious skin complications & allergies.

This year we will celebrate Holi by distributing a Holi Kit containing non-toxic (natural) colors which are free from the harsh chemicals.

***Detailing:-***

*Dr, toxic colors can cause serious skin complications & allergies due to the harsh chemicals used in them.*

*Similarly, spurious & substandard drugs which work less effectively & are a major cause of antibacterial resistance can lead to longer treatment time.*

*Hence let's*

*SAY NO TO TOXIC COLORS...*

*... & GO NATURAL*

*Dr, we wish you a very happy & safe holi from Inject Care!*
